

ITEM
200.25**Centrex Data Service****1. Service Description**

Centrex Data service provides Centrex or non-Centrex customers dial - up data communications through the public switched telephone network (PSTN).

Centrex Data service consists of the following components:

Component	Description
Access line	A two-wire non loaded facility between SaskTel's switch and the customer's premise.

2. Conditions of Service

1. Multiple appearances of directory numbers are *not* available with Centrex Data service.
2. Centrex data units can either be obtained from SaskTel or owned by the customer.
3. Because Centrex Data service is a PSTN access, it may occasionally be prone to errors or call interruptions.
4. Excess mileage charges apply to any Centrex Data access lines that extend beyond the base rate / island base rate area boundary.

2. Conditions of Service - Continued

5. Rates and charges apply for the access line and optional features. Applicable Toll Rate charges may also apply.
6. Centrex Data access lines are available on a monthly rental basis, or on a one, three, or five-year contract.
7. Optional features are available on a monthly rental basis.
8. This service is only available where suitable facilities exist.
9. If suitable facilities are not available, the Customer will be required to pay SaskTel's incremental costs to provide such facilities.
10. If the customer is located outside the base rate boundary or island base rate boundary of a serving exchange area, an extra construction charge will apply in addition to the service charges listed in this item. Refer to the item on Extended Data Access Charge.
