

BlackBerry Internet Service: Customer Instructions

Set up instructions using a BlackBerry Device (5-click set up):

To set up an email account, simply:

- Click the “email settings” icon
- As the customer is a new user, scroll down and click on Create New Account
- Accept the Terms and Conditions
- Create a user ID and password
- Enter the email address and password for the account you would like to add

Set up instructions using a Computer:

To set up an email account, simply:

- Type in the following URL :
<https://bis.na.blackberry.com/html?brand=mobility>
- Click on Create New Account
- Accept the Terms and Conditions
- Create a user ID and password
- Enter the email address and password for the account you would like to add

Please note that filters or other customization of your BlackBerry Internet Service may have to be re-entered when you upgrade.

For more information about BlackBerry Internet Service view the BlackBerry Quick Start Guide.
