Saskatchewan Telecommunications Holding Corporation

Second Quarter Report 2023/24 For the Period Ended September 30, 2023

Saskatchewan Telecommunications Holding

Corporation (the "Corporation", or "SaskTel") is a Saskatchewan Crown corporation. The Corporation's wholly-owned subsidiaries (Saskatchewan Telecommunications and SaskTel International) offer a wide array of products, services, and solutions to customers in Saskatchewan and around the world. The Corporation has a workforce of approximately 3.300 full-time equivalent employees (FTE's), making the Corporation one of Saskatchewan's largest employers.

Consolidated Highlights

Our vision is "Be the best at connecting people to their world" and our mission is "To provide the best customer experience through our superior networks, exceptional service, advanced solutions and applications."

1. nmf - no meaningful figure

Net income for the six months ended September 30, 2023, was \$46.7 million, a decrease of \$7.5 million (13.8%) from the same period in 2022/23.

Revenue for the six months ended September 30, 2023, was \$664.7 million, an increase of \$19.1 million (3.0%) from the same period in 2022/23 primarily due to continued growth in customer premise equipment sales; wireless network services and equipment; and fixed broadband and data services. The increase was partially offset by reduced wireline communication services.

Other income (loss) for the six months ended September 30, 2023, was (\$0.6) million, a decrease of \$2.2 million (137.5%) from the same period in 2022/23 primarily due to increased losses recorded on asset retirements.

Expenses for the six months ended September 30, 2023, were \$598.6 million, an increase of \$20.3 million (3.5%) from the same period in 2022/23. This increase was primarily due to increased cost of sales and goods and services purchased.

Net finance expense for the six months ended September 30, 2023, was \$18.8 million, an increase of \$4.1 million (27.9%) over the same period in 2022/23. The increase was driven by an increase in interest expense resulting from higher net debt and higher interest rates, partially offset by increased sinking fund earnings and increased net interest on defined benefit liability.

Management's Discussion and Analysis

November 7, 2023

Forward-Looking Information

The following discussion focuses on the consolidated financial position and results of the operations of SaskTel for the six-month period ended September 30, 2023. This discussion and analysis should be read in conjunction with SaskTel's audited financial statements for the fiscal year ended March 31, 2023. Some sections of this discussion include forward-looking statements about SaskTel's corporate direction and financial objectives. A statement is forward-looking when it uses information known today to make an assertion about the future. Since these forward-looking statements reflect expectations and intentions at the time of writing, actual results could differ materially from those anticipated if known or unknown risks and uncertainties impact the business, or if estimates or assumptions turn out to be inaccurate. As a result. SaskTel cannot guarantee that any of the predictions forecasted by forward-looking

statements will occur. As well, forward-looking statements do not take into consideration the effect of transactions or non-recurring items announced or occurring subsequently. Therefore, SaskTel disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. For a full discussion of risk factors, please refer to Management's Discussion and Analysis in SaskTel's 2022/23 Annual Report.

These interim statements have been prepared in accordance with the International Financial Reporting Standard IAS 34 *Interim Financial Reporting.*

These interim statements have been approved by the SaskTel Board of Directors on November 7, 2023.

Results of Operations

Revenue

Millions of dollars	2023	2022	Change	% Change
Three months ended September 30,	\$338.7	\$329.2	\$9.5	2.9
Six months ended September 30,	664.7	645.6	19.1	3.0

Revenue for the second quarter of 2023/24 was \$338.7 million, a \$9.5 million (2.9%) increase from the same period in 2022/23. Year-to-date revenue was \$664.7 million, a \$19.1 million (3.0%) increase year-over-year. The increase was due to increased non-recurring customer premise equipment sales; growth in wireless network services and equipment comprised of wholesale revenues resulting from increased network usage by customers of other carriers; and a larger wireless retail subscriber base with a higher proportion of converged customers. The increase was augmented by growth in fixed broadband and data services comprised of continued customer demand for higher bandwidth services and increased fibre accesses. The increases were partially offset by lower wireline communication services due to the ongoing erosion of legacy voice revenues and reduced maxTV service revenue due to a declining subscriber base for traditional maxTV.

Results of operations, continued

Expenses

Millions of dollars	2023	2022	Change	% Change
Three months ended September 30,	\$301.8	\$289.5	\$12.3	4.2
Six months ended September 30,	598.6	578.3	20.3	3.5

Expenses for the second quarter of 2023/24 were \$301.8 million, a \$12.3 million (4.2%) increase from the same period in 2022/23.Year-to-date expenses were \$598.6 million, a \$20.3 million (3.5%) increase from the same period in 2022/23. Direct expenses increased as a result of increased cost of devices sold from wireless and customer premise equipment sales.

Net finance expense

Millions of dollars	2023	2022	Change	% Change
Three months ended September 30,	\$9.8	\$7.1	\$2.7	38.0
Six months ended September 30,	18.8	14.7	4.1	27.9

Net finance expense for the second quarter of 2023/24 was \$9.8 million, a \$2.7 million (38.0%) increase from the same period in 2022/23. Year-to-date net finance expense was\$18.8 million, a \$4.1 million (27.9%) increase from the same period in 2022/23. Finance expenses increased by \$5.3 million due to higher net debt and higher interest rates partially offset by increased finance income by \$1.2 million primarily due to higher sinking fund earnings and net interest on defined benefit liability.

Financial Condition

Changes in the Corporation's assets, liabilities, and equity from March 31, 2023 to September 30, 2023, are discussed below:

Millions of dollars	Increase (decrease)	Explanation
Assets	(4000 0400)	
Cash	\$(15.7)	See Interim Condensed Consolidated Statement of Cash Flows
Trade and other receivables	39.7	Timing of non-customer related receivables
Inventories	(8.7)	Inventory management of wireless equipment
Prepaid expenses and other assets	(0.2)	No significant change
Contract assets	(5.3)	Amortization of term contracts partially offset by new contracts
Contract costs	(2.5)	Amortization of existing contract costs and change in estimate partially offset by deferral of contract costs related to contracts acquired during the period
Property, plant and equipment	67.2	Capital spending primarily on wireless and fibre projects partially offset by depreciation, retirements, and disposals
Right-of-use assets	(2.0)	Depreciation, retirements and adjustments of leased assets
Intangible assets	(2.1)	Amortization, retirements and adjustments
Sinking funds	5.0	Installments and earnings
Other assets	(0.8)	No significant change
Liabilities and Province's Equity		
Trade and other payables	18.1	Timing of payments for operations and capital spending
Accrued interest	2.7	Higher accrued interest as a result of higher interest rates on notes payable
Dividend payable	(1.3)	Payment of dividends and lower dividends declared
Notes payable	(107.1)	Repayment of notes payable from issuance of long- term debt
Contract liabilities	(1.6)	Timing of revenue recognition related to contract liabilities
Lease liabilities	(1.8)	Net repayment of lease liabilities
Other liabilities	(0.2)	No significant change
Deferred income – government funding	(0.5)	No significant change
Long-term debt	148.0	New debt issuances
Employee benefit obligations	(0.6)	No significant change
Provisions	0.1	No significant change
Accumulated other comprehensive income	(10.1)	See Interim Condensed Consolidated Statement of Income and Other Comprehensive Loss
Retained earnings	28.8	Total comprehensive income less dividends declared

Cash Flows

Cash provided by operating activities

Millions of dollars	2023	2022	Change	% Change
Six months ended September 30,	\$141.6	\$179.5	\$(37.9)	(21.1)

Cash provided by operating activities for the six months ended September 30, 2023, was \$141.6 million, a decrease of \$37.9 million (21.1%) compared to the same period in 2022/23, primarily due to changes in working capital related to accruals for capital investments and decreased net earnings.

Cash used in investing activities

Millions of dollars	2023	2022	Change	% Change
Six months ended September 30,	\$164.7	\$175.4	\$(10.7)	(6.1)

Cash used in investing activities for the six months ended September 30, 2023, was \$164.7 million, a decrease of \$10.7 million (6.1%) from the same period in 2022/23 due to timing of cash payments related to capital expenditures.

Cash provided by (used in) financing activities

Millions of dollars	2023	2022	Change	% Change
Six months ended September 30,	\$7.5	\$(18.8)	\$26.3	139.9

Cash provided by financing activities for the six months ended September 30, 2023, was \$7.5 million, an increase of \$26.3 million (139.9%) primarily due to decreased dividend payments in the current year.

Capital Resource Ratio

Debt ratio

	September 30,	March 31,	
	2023	2023	Change
Debt ratio	55.0%	54.5%	0.5

The debt ratio increased to 55.0%, an increase of 0.5 percentage points from March 31, 2023. The overall level of net debt increased by \$51.7 million during the period due to new debt issuances partially offset by repayment of notes payable.

Equity increased \$18.8 million in the second quarter of 2023/24 after recording a net income of \$46.7 million, other comprehensive loss of \$10.1 million, and declared dividends of \$17.9 million.

The debt ratio is calculated as net debt divided by end-of-period capitalization. Net debt is defined as total debt, including total long-term debt, notes payable, and bank indebtedness, excluding lease liabilities, less sinking funds, and cash. Capitalization includes net debt, equity advances, accumulated other comprehensive income and retained earnings at the period end.

Capital Expenditures

Millions of dollars	2023	2022	Change	% Change
Property, plant and equipment	\$173.1	\$164.1	\$9.0	5.5
Intangible assets	14.0	13.4	0.6	4.5
Six months ended September 30,	\$187.1	\$177.5	\$9.6	5.4

Total capital expenditures for the six months ended September 30, 2023, were \$187.1 million, an increase of \$9.6 million (5.4%) from the same period in 2022/23.

Spending on property, plant and equipment for the six months ended September 30, 2023, was \$173.1 million, an increase of \$9.0 million (5.5%) from the same period in 2022/23. The increase was due to 5G wireless network modernization and ongoing investment in our existing infrastructure offset by decreased spending on network customer premise equipment due to a large refresh of customer premise equipment in the prior year. Spending on intangible assets was \$14.0 million, an increase of \$0.6 million (4.5%) from the same period in 2022/23, primarily due to increased spending on software.

For the remainder of 2023/24, capital expenditures will focus on further investment in the core Saskatchewan network including 5G network modernization, Fibre-to-the-X (FTTx), wireless network enhancements and basic network growth. This core network investment will ensure increased internet access speeds; enhanced maxTV service; increased wireless bandwidth, resulting in increased roaming capacity and data speeds; as well as continued network growth and refurbishment. Expenditures will also enhance customer interface and expand service offerings to improve our customer's experience today and create opportunities to provide additional enhancements and capabilities in the future.

2023/24 Outlook

The 2022/23 SaskTel Annual Report identified a consolidated net income target for the fiscal year ended March 31, 2024. At this time, SaskTel has revised its target from \$95.7 million to \$89.5 million based on performance to date combined with management's forward-looking treatment.

Risk Assessment

The 2022/23 Annual Report discussed the key strategic and core business risks and uncertainties facing SaskTel that may inhibit SaskTel from achieving the strategic goals and targets outlined in its Strategic Plan – exceptional customer experience, leading the market in broadband services, simplifying, automating, and transforming the business, empowering a high-performance workforce, and driving innovation, financial sustainability, and growth. Key Strategic Risks are risks associated with the company's business environment including the following areas: competitiveness, regulatory, and alliances and partnerships. Core Business Risks are risks associated with the execution of SaskTel's business functions including the following areas: networks, systems, physical infrastructure, and cybersecurity.

A strong governance process for enterprise risk management is in place. This is an iterative process designed to identify, evaluate, mitigate and control, report, monitor, and assess key corporate risks. As of September 30, 2023, SaskTel's key risk profile remains unchanged from that disclosed in its annual report dated March 31, 2023.

Note 1 – General information

Saskatchewan Telecommunications Holding Corporation (the "Corporation") is a corporation located in Canada. The address of the Corporation's registered office is 2121 Saskatchewan Drive, Regina, SK, S4P 3Y2. The Corporation is a Saskatchewan Provincial Crown corporation operating under the authority of *The Saskatchewan Telecommunications Holding Corporation Act* and, as such, the Corporation and its wholly owned subsidiaries are not subject to Federal or Provincial income taxes in Canada.

By virtue of *The Crown Corporations Act, 1993*, the Corporation has been designated as a subsidiary of Crown Investments Corporation of Saskatchewan ("CIC"). Accordingly, the financial results of the Corporation are included in the consolidated financial statements of CIC, a Provincial Crown corporation.

One of the Corporation's subsidiaries, Saskatchewan Telecommunications is regulated by the Canadian Radio-television and Telecommunications Commission ("CRTC") under the *Telecommunications Act* (Canada).

The Corporation markets and supplies a range of wireless, voice, entertainment, internet, data, equipment, marketing, security, software products, and consulting services.

Effective April 1, 2023, one of the Corporation's subsidiaries, SecurTek Monitoring Solutions Inc. ("SecurTek") entity was dissolved with its total net assets transferred to Saskatchewan Telecommunications at the dissolution date. SecurTek continues to operate as a division within Saskatchewan Telecommunications.

Note 2 – Basis of presentation

Statement of compliance

These unaudited condensed consolidated financial statements (the interim financial statements) have been prepared in accordance with International Accounting Standard (IAS) 34, *Interim Financial Reporting*. These interim financial statements do not include all of the disclosures included in the Corporation's annual consolidated financial statements. The accounting policies used in the preparation of these interim financial statements conform with those used in the Corporation's most recent annual consolidated financial statements. Accordingly, these interim financial statements should be read in conjunction with the Corporation's most recent annual consolidated financial statements.

These interim financial statements were approved by the Corporation's Board of Directors on November 7, 2023.

Functional and presentation currency

These interim financial statements are presented in Canadian dollars, which is the Corporation's functional currency.

Basis of measurement

The interim financial statements have been prepared on the historical cost basis except for the following:

- Fair value through other comprehensive income financial instruments and fair value through profit and loss financial instruments are measured at fair value, and
- Employee benefit obligations are recognized as the fair value of the plan assets less the present value of the accrued benefit obligation.

Note 2 – Basis of presentation, continued

Use of estimates and judgments

The preparation of the interim financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. These estimates and assumptions are based on several factors, including historical experience, current events, and actions that the Corporation may undertake in the future, and other assumptions that the Corporation believes are reasonable under the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the interim financial statements includes the following:

- Revenue recognition,
- Use of the straight-line basis of depreciation and amortization,
- Classification of intangible assets indefinite life, and
- Classification of financial instruments.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year includes the following:

- Revenue recognition,
- Useful lives and depreciation rates for property, plant and equipment and right-of-use assets,
- Useful lives and amortization rates for intangible assets,
- Useful lives and amortization rates for security monitoring services cost to obtain, and
- The measurement of employee benefit obligations.

Application of new International Financial Reporting Standards, and amendments to standards and interpretations

The Corporation adopted the following accounting amendments that were effective for our interim and annual consolidated financial statements commencing April 1, 2023. The adoption of these standards have not had a material impact on our financial results.

- IFRS 17, *Insurance Contracts*, a replacement of IFRS 4, *Insurance Contracts*, that aims to provide consistency in the application of accounting for insurance contracts.
- Amendments to IAS 1, *Presentation of Financial Statements* Disclosure of Accounting Policies, requiring entities to disclose material, instead of significant, accounting policy information.
- Amendments to IAS 8, Accounting Policies Changes in Accounting Estimates and Errors, clarifying the definition of "accounting policies" and "accounting estimates".

Note 7 – Long-term debt

On May 18, 2023, the Corporation issued \$50.0 million of long-term debt at a discount of \$0.4 million through the Saskatchewan Ministry of Finance. The debt issue has a coupon rate of 3.90%, an effective interest rate of 4.01%, and matures on June 2, 2033.

On June 22, 2023, the Corporation issued \$100.0 million of long-term debt at a discount of \$1.3 million through the Saskatchewan Ministry of Finance. The debt issue has a coupon rate of 4.20%, an effective interest rate of 4.275% and matures on December 2, 2054.

Note 8 – Employee benefit obligations

Other comprehensive loss results, in part, from changes to actuarial assumptions related to the assets and liabilities of the Corporation's employee benefit plan, specifically the discount rate used to calculate the liabilities of the employee defined benefit plan and changes in the fair value of the employee benefit defined plan assets resulting from differences in the actual versus estimated return on these assets. The discount rates used are as follows:

	2023/2024	2022/2023
June 30	4.90%	4.70%
September 30	5.70%	4.80%
December 31	n/a	4.90%
March 31	n/a	4.80%

In addition to the other comprehensive loss impact detailed below, these assumption changes, combined with pension income and benefits paid for the period, have resulted in a net decrease in the employee benefit obligations for the period which has been partially offset by the impact of the asset ceiling limit.

	Six months ende	d September 30,
Thousands of dollars	2023	2022
Actuarial gain on accrued benefit obligation	\$58,582	\$71,520
Return on plan assets excluding interest income	(56,885)	(79,682)
Effect of asset ceiling limit	(4,228)	6,454
Net actuarial losses on employee benefit obligations	\$(2,531)	\$(1,708)

Note 9 – Capital management

The Corporation does not have share capital. However, the Corporation has received advances from CIC to form its equity capitalization. The advances are an equity investment in the Corporation by CIC.

Due to its ownership structure, the Corporation has no access to capital markets for internal equity. Equity advances in the Corporation are determined by the shareholder on an annual basis. Dividends to CIC are determined through the Saskatchewan Provincial budget process on an annual basis.

The Corporation closely monitors its debt level utilizing the debt ratio as a primary indicator of financial health. The debt ratio measures the amount of debt in a corporation's capital structure. The Corporation uses this measure in assessing the extent of financial leverage and in turn, its financial flexibility. Too high a ratio relative to target indicates an excessive debt burden that may impair the Corporation's ability to withstand downturns in revenue and still meet fixed payment obligations. The ratio is calculated as net debt divided by capitalization at the end of the period.

The Corporation reviews the debt ratio targets of all its subsidiaries on an annual basis to ensure consistency with industry standards. This review includes subsidiary corporations' plans for capital expenditures. The target debt ratios for subsidiaries are approved by their Boards. The Corporation uses targeted debt ratios to compile a weighted average debt to equity ratio for the consolidated entity. The budgeted ratio for 2023/24 is 55.9%.

The Corporation raises most of its capital requirements through internal operating activities, short-term debt, and long-term debt through the Saskatchewan Ministry of Finance. This type of borrowing allows the Corporation to take advantage of the Province of Saskatchewan's strong credit rating and receive financing at attractive interest rates.

Note 9 – Capital management, continued

On April 6, 2023 the Corporation's debt limit was increased to \$2.9 billion.

The Corporation made no changes to its approach to capital management during the period.

The Corporation is not subject to any externally imposed capital requirements.

The debt ratio is as follows:

As at	September 30,	March 31,
Thousands of dollars	2023	2023
Long-term debt	\$1,584,021	\$1,435,948
Notes payable	89,575	196,672
Less: Sinking funds	118,653	113,667
Cash	2,638	18,347
Net debt	1,552,305	1,500,606
Province of Saskatchewan's equity (a)	1,269,925	1,251,165
Capitalization	\$2,822,230	\$2,751,771
Debt ratio	55.0%	54.5%

a) Equity includes equity advances, accumulated other comprehensive income, and retained earnings at the end of the period.

Note 10 – Additional financial information

Total net change in non-cash working capital balances related to operations	\$(21,378)	\$6,538	

Note 11 – Financial risk management

The Corporation is exposed to fluctuations in foreign exchange rates and interest rates, as well as credit and liquidity risk. The Corporation utilizes a number of financial instruments to manage these exposures. The Corporation mitigates the risk associated with these financial instruments through Board-approved policies, limits on use and amount of exposure, internal monitoring, and compliance reporting to senior management and the Board. The Corporation does not actively trade financial instruments.

Market risks

Market risk represents the potential for loss from changes in the value of financial instruments. Value can be affected by changes in interest rates, foreign exchange rates, and equity prices. These risks have not changed significantly from the prior period.

Fair value

Fair values are approximate amounts at which financial instruments could be exchanged between willing parties based on current markets for instruments with similar characteristics, such as risk, principal, and remaining maturities. Fair values are estimates using present value and other valuation techniques which are significantly affected by the assumptions used concerning the amount and timing of estimated future cash flows and discount rates that reflect varying degrees of risk. Therefore, due to the use of judgment and future-oriented information, aggregate fair value amounts should not be interpreted as being realizable in an immediate settlement of the instruments.

As at			September 30, 2023		March 31, 2023	
		Fair value	Carrying	Fair	Carrying	Fair
Thousands of dollars	Classification (a)	hierarchy	amount	value	amount	value
Financial assets						
Cash	Amortized cost	Level 1	\$2,638	\$2,638	\$18,347	\$18,347
Trade and other receivables	Amortized cost	Level 2	190,435	190,435	140,556	140,556
Sinking funds	FVOCI	Level 2	118,653	118,653	113,667	113,667
Financial liabilities						
Trade and other payables	Amortized cost	Level 2	161,856	161,856	143,766	143,766
Accrued interest	Amortized cost	Level 2	16,668	16,668	13,969	13,969
Notes payable	Amortized cost	Level 2	89,575	89,575	196,672	196,672
Long-term debt	Amortized cost	Level 2	1,584,021	1,265,082	1,435,948	1,254,146
Derivative financial instruments						
Foreign exchange derivative asset	FVTPL	Level 2	-	-	348	348

(a) Classification details are:

- FVOCI fair value through other comprehensive income,
- FVTPL fair value through profit or loss.

Fair value hierarchy

When the carrying amount of a financial instrument is the most reasonable approximation of fair value, reference to market quotations and estimation techniques is not required. The carrying values of cash, trade and other receivables, trade and other payables, accrued interest, and notes payable approximate their fair values due to the short-term maturity of these financial instruments.

Note 11 - Financial risk management, continued

For financial instruments, fair value is best evidenced by an independent quoted market price for the same instrument in an active market. An active market is one where quoted prices are readily available, representing regularly occurring transactions. Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation.

- Level 1 Where quoted prices are readily available from an active market.
- Level 2 Valuation model not using quoted prices, but still using predominantly observable market inputs, such as market interest rates.
- Level 3 Where valuation is based on unobservable inputs.

There were no items measured at fair value using Level 3 inputs during 2022/23 or to date in 2023/24 and no items transferred between levels in 2022/23 or to date in 2023/24.

Investments carried at fair value through OCI

Investments carried at fair value through OCI are categorized as Level 2 in the hierarchy consist of sinking funds. The fair value of sinking funds is determined by the Saskatchewan Ministry of Finance using information provided by investment dealers. To the extent possible, valuations reflect secondary pricing for these securities.

Long-term debt

The fair value of long-term debt is determined by the present value of future cash flows, discounted at the market rate of interest for the equivalent Province of Saskatchewan debt instruments.

Derivative financial instruments carried at fair value through profit or loss

The fair value of derivative financial instruments that are used to manage foreign currency exposure risks are estimated based upon quoted market prices in active markets for the same or similar financial instruments or current rates offered to the Corporation for financial instruments of similar maturity, as well as discounted future cash flows determined using current rates for similar financial instruments of similar risks (such fair value estimates being largely based on the Canadian dollar versus U.S. dollar forward exchange rate as at the statement of financial position dates).

Credit risk

Credit risk is the risk that one party to a transaction will fail to discharge an obligation and cause the other party to incur a financial loss. Concentration of credit risk relates to groups of customers or counterparties that have similar economic or industry characteristics that cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Corporation does not have material concentrations of credit risk. Current credit risk relates to trade and other receivables, device financing receivables, unbilled revenue, contract assets, sinking funds, interest receivable and counterparties to financial derivatives. The maximum exposure to credit risk is represented by the carrying amounts reported in the statement of financial position. There is minimal credit risk related to non-customer related financial instruments and derivative instruments at September 30, 2023, due to the investment-grade assets held within the sinking funds and investment-grade counterparties to derivative instruments.

Note 11 – Financial risk management, continued

Credit risk related to customer related financial instruments is primarily reflected in the allowance for doubtful accounts.

Allowance for doubtful accounts

	Three months ended		Six months ended		
Periods ended September 30, Thousands of dollars	2023	2022	2023	2022	
Balance, beginning of period Less: accounts written off Recoveries Provisions for losses	\$4,343 (1,852) 151 544	\$3,816 (1,464) 454 1.018	\$3,621 (5,158) 647 4.076	\$3,975 (3,044) 895 1,998	
Balance, end of period	\$3,186	\$3,824	\$3,186	\$3,824
