Description

The Fixed Wireless Access Trial Offer (the "Trial Offer") is an invitation-only market trial that provides eligible customers with Internet access over the SaskTel wireless network using a Nubia G5 Pro Hub 5G and the Unlimited Saskatchewan rate plan (the "trial service").

Terms and Conditions Applicable to the SaskTel Fixed Wireless Access Trial Offer

1. The Trial Offer is available by invitation only to eligible customers selected by SaskTel and is subject to service availability.

2. Eligible customers will be subscribed to SaskTel's Unlimited Saskatchewan wireless rate plan. The regular monthly charge is $75, plus applicable taxes.

3. During the customer's participation in the Trial Offer, SaskTel will apply a Wireless Credit to the customer's account to offset the regular monthly charge for the rate plan.

4. The Wireless Credit is non-transferable, has no cash value, and will end when the customer's participation in the Trial Offer ends.

5. SaskTel will provide the customer with a Nubia G5 Pro Hub 5G at no charge for use during the Trial Offer. The hub remains the property of SaskTel.

6. The Nubia G5 Pro Hub 5G provided for the Trial Offer does not include battery backup. During a power outage or interruption to electrical service, the trial service will not function unless an alternate power source is available.

7. If the customer does not subscribe to an applicable SaskTel service available at the end of the Trial Offer, or if the trial service is cancelled or ended, the customer must return the hub and any SaskTel provided accessories in accordance with SaskTel's return instructions. If the hub or required accessories are not returned within the period specified in those instructions, SaskTel may charge the customer the applicable unreturned equipment charge in effect at that time.

8. The Trial Offer will continue until ended by SaskTel. SaskTel may extend, modify, suspend, or end the Trial Offer at its discretion. When the Trial Offer ends, the trial service and Wireless Credit will end. A customer who wishes to receive service after the Trial Offer ends must subscribe to an applicable SaskTel service available at that time, at the rates, and on the terms and conditions then in effect.
