Saskatchewan Telecommunications
Holding Corporation

Second Quarter Report 2021/22
For the Period Ending September 30, 2021

Saskatchewan Telecommunications Holding Corporation (the Corporation, SaskTel) is a Saskatchewan Crown corporation. The Corporation's wholly-owned subsidiaries (Saskatchewan Telecommunications, Directwest, SecurTek and SaskTel International) offer a wide array of products, services, and solutions to customers in Saskatchewan and around the world. The Corporation has a workforce of approximately 3,400 full-time equivalent employees (FTE's), making the Corporation one of Saskatchewan's largest employers.

Our vision is *"Be the best at connecting people to their world"* and our mission is *"To provide the best customer experience through our superior networks, exceptional service, advanced solutions and applications."*

Pandemic Impact on Operating Environment

SaskTel's annual report discussed the continuing impact of the COVID-19 pandemic. The COVID-19 pandemic has caused significant disruption to the Canadian and world economies. While there has been minimal impact to the Corporation as a result of the pandemic, the Corporation continues to assess and monitor the impact of the pandemic on its operations. However minimal the impacts of the pandemic have been, the magnitude and duration of the pandemic continues to be uncertain and the impacts to the Corporation could increase. Potential impacts include loss of revenue, supply chain disruption, challenges associated with a remote or unavailable workforce and asset impairment. Measures to combat the spread of the pandemic have intensified over the last several months, including significant vaccine administration programs. As the pandemic has progressed, the risk of experiencing negative impacts from reduced customer spending or SaskTel's inability to serve customers has diminished.

As noted, the impacts of the pandemic on the Corporation have been minimal and estimates of any impacts have been included where appropriate. At this point in the recovery process, it is not anticipated that there will be significant additional impacts, however, given the uncertainty of the magnitude and duration of the pandemic it is not possible to determine if there will be significant additional impacts on current operations or reported asset and liability values.

Consolidated Highlights

FINANCIAL

| | | | |
|---|--|--|--|
| Net Income \$56.1M <small>(26.6%) vs Q2 2020/21</small> | Revenue \$633.3M <small>(1.4%) vs Q2 2020/21</small> | Return on Equity 8.5% <small>(0.1) percentage points vs Q2 2020/21 Based on Q2 2020/21 and Q2 2021/22 Net Income YEE</small> | Capital Expenditures \$133.3M <small>(9.8%) vs Q2 2020/21 *Excluding spectrum acquisitions</small> |

Consolidated Net Income

| Millions of dollars | Three months ended September 30, | | | | Six months ended September 30, | | | |
|-----------------------------------|-------------------------------------|---------|----------|----------|-----------------------------------|---------|----------|----------|
| | 2021 | 2020 | Change | % Change | 2021 | 2020 | Change | % Change |
| Revenue | \$322.1 | \$333.5 | \$(11.4) | (3.4) | \$633.3 | \$642.1 | \$(8.8) | (1.4) |
| Other income | 0.7 | 1.3 | (0.6) | (46.2) | 1.0 | 3.9 | (2.9) | (74.4) |
| | 322.8 | 334.8 | (12.0) | (3.6) | 634.3 | 646.0 | (11.7) | (1.8) |
| Expenses | 283.1 | 285.2 | (2.1) | (0.7) | 565.2 | 552.3 | 12.9 | 2.3 |
| Results from operating activities | 39.7 | 49.6 | (9.9) | (20.0) | 69.1 | 93.7 | (24.6) | (26.3) |
| Net finance expense | 6.6 | 6.8 | (0.2) | (2.9) | 13.0 | 17.3 | (4.3) | (24.9) |
| Net income | \$33.1 | \$42.8 | \$(9.7) | (22.7) | \$56.1 | \$76.4 | \$(20.3) | (26.6) |

Net income for the six months ended September 30, 2021 was \$56.1 million, a decline of \$20.3 million (26.6%) from the same period in 2020/21.

Revenue for the six months ended September 30, 2021 was \$633.3 million, a decline of \$8.8 million (1.4%) from the same period in 2020/21 primarily due to decreased wireline communication services and customer premise equipment sales, partially offset by strong customer growth in wireless network services and equipment in addition to fixed broadband and data services.

Expenses for the six months ended September 30, 2021 were \$565.2 million, an increase of \$12.9 million (2.3%) from the same period in 2020/21. This increase was primarily due to increased depreciation and amortization.

Net finance expense for the six months ended September 30, 2021 was \$13.0 million, a decrease of \$4.3 million (24.9%) over the same period in 2020/21. The decrease was primarily driven by lower average interest rates on outstanding debt and increased interest income on overdue accounts.

Management's Discussion and Analysis

November 10, 2021

Forward-Looking Information

The following discussion focuses on the consolidated financial position and results of the operations of SaskTel for the second quarter of 2021/22. This discussion and analysis should be read in conjunction with SaskTel's audited financial statements for the fiscal year ended March 31, 2021. Some sections of this discussion include forward-looking statements about SaskTel's corporate direction and financial objectives. A statement is forward-looking when it uses information known today to make an assertion about the future. Since these forward-looking statements reflect expectations and intentions at the time of writing, actual results could differ materially from those anticipated if known or unknown risks and uncertainties impact the business, or if estimates or assumptions turn out to be inaccurate. As a result, SaskTel cannot guarantee that any of the predictions forecasted by forward-looking

statements will occur. As well, forward-looking statements do not take into consideration the effect of transactions or non-recurring items announced or occurring subsequently. Therefore, SaskTel disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. For a full discussion of risk factors, please refer to Management's Discussion & Analysis in SaskTel's 2020/21 Annual Report.

These interim statements have been prepared in accordance with the International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

These interim statements have been approved by the SaskTel Board of Directors on November 10, 2021.

Results of Operations

Revenue

| Millions of dollars | 2021 | 2020 | Change | % Change |
|----------------------------------|---------|---------|----------|----------|
| Three months ended September 30, | \$322.1 | \$333.5 | \$(11.4) | (3.4) |
| Six months ended September 30, | \$633.3 | \$642.1 | \$(8.8) | (1.4) |

Revenue for the second quarter of 2021/22 was \$322.1 million, an \$11.4 million decrease from the same period in 2020/21. Year-to-date revenue was \$633.3 million, a \$8.8 million decrease year-over-year. The decrease was due to lower wireline communication services comprised of the ongoing erosion of legacy voice revenues, a reduction in non-recurring customer premise equipment sales, and a reduction in other services due to a decrease in customer project work. The decrease was partially offset by growth in wireless network services and equipment due to a higher subscriber base, higher revenue per device due to an increased proportion of premium-value device sales, and a higher mix of converged customers. Wireless wholesale revenue increased due to increased network usage by customers of other carriers while fixed broadband and data services were driven by strong growth in fibre accesses due to fibre conversion, new construction, and higher bandwidth which provides a competitive advantage.

Expenses

| Millions of dollars | 2021 | 2020 | Change | % Change |
|----------------------------------|---------|---------|---------|----------|
| Three months ended September 30, | \$283.1 | \$285.2 | \$(2.1) | (0.7) |
| Six months ended September 30, | \$565.2 | \$552.3 | \$12.9 | 2.3 |

Expenses for the second quarter of 2021/22 were \$283.1 million, a \$2.1 million decrease from the same period in 2020/21. Year-to-date expenses were \$565.2 million, a \$12.9 million increase from the same period in 2020/21. Goods and services purchased, excluding direct expenses, increased \$1.4 million due to increased consulting, contract, and software expenses and lower than anticipated customer defaults due to economic factors associated with COVID-19. Direct expenses decreased \$4.0 million primarily due to decreased wireless device sales, partially offset by an increased average device cost and increased roaming expenses due to eased travel restrictions. Net salaries, wages and benefits increased \$2.6 million due to economic and contracted annual increases and reduced capitalized labour. Depreciation and amortization increased \$13.0 million primarily due to a higher asset base as we continue to invest in our fixed and wireless broadband networks and changes in asset useful lives.

Net finance expense

| Millions of dollars | 2021 | 2020 | Change | % Change |
|----------------------------------|--------|--------|---------|----------|
| Three months ended September 30, | \$6.6 | \$6.8 | \$(0.2) | (2.9) |
| Six months ended September 30, | \$13.0 | \$17.3 | \$(4.3) | (24.9) |

Net finance expense for the second quarter of 2021/22 was \$6.6 million, down \$0.2 million from the same period in 2020/21. Year-to-date net finance expense was \$13.0 million, a \$4.3 million decrease from the same period in 2020/21. This was driven by a \$6.8 million decrease in interest expense on long term debt primarily due to lower average interest rates on outstanding debt and a \$2.7 million increase in interest income on overdue accounts due to the resumption of late payment charges previously suspended under the Crown Utility Interest Deferral Program in 2020/21. The decrease is partially offset by reduced sinking fund earnings of \$4.4 million due to sinking fund redemptions in fiscal 2020/21.

Financial Condition

Changes in the Corporation's assets, liabilities, and equity from March 31, 2021 to September 30, 2021 are discussed below:

| Millions of dollars | Increase (decrease) | Explanation |
|---|------------------------|--|
| Cash | \$94.5 | See condensed consolidated statement of cash flows |
| Trade and other receivables | (18.3) | Timing of receipts of receivables |
| Inventories | (10.8) | Minor delays in wireless devices shipments along with prudent inventory order management |
| Prepaid expenses | 2.6 | Recognition of contract invoices for prepaid insurance and new prepaid promotions |
| Contract assets | (2.7) | Reduced number of customers on term contracts |
| Contract costs | (0.7) | Reduced number of customers on term contracts |
| Property, plant and equipment | 20.9 | Capital spending primarily on wireless and fibre projects partially offset by depreciation, retirements, and disposals |
| Right-of-use assets | (0.1) | No significant change |
| Intangible assets | (7.5) | Amortization partially offset by capital spending on software |
| Sinking funds | 12.2 | Installments, earnings and market value gains |
| Other assets | 27.3 | Initial deposit made on 3500-megahertz band spectrum |
| Trade and other payables | 7.3 | Timing of payments for operations, capital spending and interest |
| Notes payable | (140.0) | Repayment of notes payable from issuance of long-term debt partially offset by capital spending requirements |
| Contract liabilities | 2.0 | Timing of revenue recognition related to contract liabilities |
| Other liabilities | (0.3) | No significant change |
| Deferred income – government funding | (1.4) | Amortization of previous funding to income |
| Long-term debt | 251.3 | New debt issues and amortization of the net premium on debt partially offset by debt redemptions |
| Lease liabilities | (1.3) | Long-term portion of additional lease liability offset by principal repayments |
| Employee benefit obligations | (0.9) | No significant change |
| Provisions | 0.2 | No significant change |
| Equity | 13.8 | Total comprehensive income less dividends declared |

Cash Flows

Cash provided by operating activities

| Millions of dollars | 2021 | 2020 | Change | % Change |
|--------------------------------|---------|---------|--------|----------|
| Six months ended September 30, | \$212.7 | \$145.9 | \$66.8 | 45.8 |

Cash provided by operating activities for the six months ended September 30, 2021 increased \$66.8 million compared to the same period in 2020/21 primarily due to increased cash from operations after adjusting for non-cash items and the net change in working capital requirements.

Cash used in investing activities

| Millions of dollars | 2021 | 2020 | Change | % Change |
|--------------------------------|---------|---------|--------|----------|
| Six months ended September 30, | \$160.7 | \$144.8 | \$15.9 | 11.0 |

Cash used in investing activities for the six months ended September 30, 2021 increased to \$160.7 million, up \$15.9 million from the same period in 2020/21 primarily due to paying a deposit for the 5G 3500-megahertz spectrum to Innovation, Science and Economic Development Canada (ISED).

Cash provided by (used in) financing activities

| Millions of dollars | 2021 | 2020 | Change | % Change |
|--------------------------------|--------|----------|--------|-------------------------|
| Six months ended September 30, | \$42.5 | \$(11.8) | \$54.3 | <i>nmf</i> ¹ |

1. *nmf* - no meaningful figure

Cash provided by financing activities for the six months ended September 30, 2021 was \$42.5 million compared to a cash used in financing activities of \$11.8 million for the same period in 2020/21. This was primarily due to increased net borrowing.

Capital Resource Ratio

Debt ratio

| | September 30, 2021 | March 31, 2021 | Change |
|------------|--------------------|----------------|--------|
| Debt ratio | 50.2% | 50.4% | (0.2) |

The debt ratio decreased to 50.2%, down from 50.4% at March 31, 2021. The overall level of net debt increased \$4.6 million during the period due to increased borrowings, offset by increased sinking fund and cash balances.

Equity increased by \$13.8 million in the second quarter of 2021/22 after recording net income of \$56.1 million, other comprehensive loss of \$0.2 million, and dividends of \$42.1 million.

The debt ratio is calculated as net debt divided by end of period capitalization. Net debt is defined as total debt, including long-term debt, notes payable, the current portion of long-term debt and bank indebtedness, excluding lease liabilities, less sinking funds, and cash. Capitalization includes net debt, equity advances, accumulated other comprehensive income and retained earnings at the period end.

Capital Expenditures

| Millions of dollars | 2021 | 2020 | Change | % Change |
|--------------------------------|---------|---------|----------|----------|
| Property, plant and equipment | \$123.7 | \$137.4 | \$(13.7) | (10.0) |
| Intangible assets | 9.6 | 10.4 | (0.8) | (7.7) |
| Six months ended September 30, | \$133.3 | \$147.8 | \$(14.5) | (9.8) |

Total capital expenditures for the six months ended September 30, 2021 were \$133.3 million, a decrease increase of \$14.5 million from the same period in 2020/21.

Net spending on property, plant and equipment for the six months ended September 30, 2021 was \$123.7 million, a decrease of \$13.7 million from the same period in 2020/21. The decrease was primarily due to completion of large prior period network enhancement programs. The decrease was partially offset by spending on 5G wireless and fibre network initiatives. Net spending on intangible assets was \$9.6 million, a decrease of \$0.8 million from the same period in 2020/21 primarily due to reduced spending on internal systems.

Capital expenditures in 2021/22 will focus on further investment in the core Saskatchewan network including: FTTP, 5G Network Modernization, wireless network enhancements and basic network growth and enhancements. This core network investment will ensure: increased internet access speeds; enhanced maxTV service; increased wireless bandwidth, resulting in increased roaming capacity and data speeds; as well as continued network growth and refurbishment. Expenditures will also enhance customer interface and expand service offerings.

2021/22 Outlook

The 2020/21 SaskTel Annual Report identified a consolidated net income target for the fiscal year ended March 31, 2022 of \$100.0 million. At this time, SaskTel believes it will meet this target.

Risk Assessment

The 2020/21 Annual Report discussed the risks and uncertainties in SaskTel's business environment focusing on both Strategic and Core Business Risks, including the impact of the COVID-19 pandemic. Strategic Risks are risks that may inhibit SaskTel from achieving goals and targets outlined in its Strategic Plan including the following areas: customer experience, broadband, transformation, and financial sustainability. Core Business Risks are risks associated with the execution of SaskTel's business functions including the following areas: operational, financial, and compliance and legal.

A strong governance process for enterprise risk management is in place. This is an iterative process designed to identify, evaluate, mitigate and control, report, monitor, and assess key corporate risks. As of September 30, 2021, SaskTel's key risk profile has changed slightly. As the pandemic has progressed, the risks of experiencing negative impacts from reduced customer spending or SaskTel's inability to serve customers has diminished. The potential for significant reduction in customer spending is no longer considered a key corporate risk.

Condensed Consolidated Interim Statement of Income and Other Comprehensive Loss

(Unaudited)

| Thousands of dollars | Note | Three months ended September 30, | | Six months ended September 30, | |
|---|------|----------------------------------|-----------|--------------------------------|-----------|
| | | 2021 | 2020 | 2021 | 2020 |

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

As at and for the six months ended September 30, 2021

Note 1 – General information

Saskatchewan Telecommunications Holding Corporation (the Corporation) is a corporation located in Canada. The address of the Corporation's registered office is 2121 Saskatchewan Drive, Regina, SK, S4P 3Y2. The Corporation is a Saskatchewan Provincial Crown corporation operating under the authority of *The Saskatchewan Telecommunications Holding Corporation Act* and, as such, the Corporation and its wholly owned subsidiaries are not subject to Federal or Provincial income taxes in Canada.

By virtue of *The Crown Corporations Act, 1993*, the Corporation has been designated as a subsidiary of Crown Investments Corporation of Saskatchewan (CIC). Accordingly, the financial results of the Corporation are included in the consolidated financial statements of CIC, a Provincial Crown corporation.

One of the Corporation's subsidiaries, Saskatchewan Telecommunications (SaskTel) is regulated by the Canadian Radio-television and Telecommunications Commission (CRTC) under the *Telecommunications Act* (Canada).

The Corporation markets and supplies a range of wireless, voice, entertainment, internet, data, equipment, marketing, security, software products, and consulting services.

Note 2 – Basis of presentation

The unaudited condensed consolidated interim financial statements (hereinafter referred to as the interim financial statements) as at and for the six months ended September 30, 2021 should be read in conjunction with the Corporation's March 31, 2021 audited consolidated financial statements. The interim financial statements of the Corporation have been prepared in accordance with International Accounting Standard (IAS) 34 *Interim Financial Reporting*. These interim financial statements do not include all of the information required for full annual financial statements.

The interim financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). The accounting policies and methods of computation used in the preparation of these interim financial statements conform with those used in the Corporation's most recent annual consolidated financial statements and have been applied consistently to all periods presented in these interim financial statements.

The interim financial statements as at and for the six-month period ended September 30, 2021 were approved by the Board of Directors on November 10, 2021.

Functional and presentation currency

These interim financial statements are presented in Canadian dollars, which is the Corporation's functional currency.

Basis of measurement

The interim financial statements have been prepared on the historical cost basis except for the following:

- Fair value through other comprehensive income financial instruments and fair value through profit and loss financial instruments are measured at fair value, and
- Employee benefit obligations are recognized as the fair value of the plan assets less the present value of the accrued benefit obligation.

Use of estimates and judgments

The preparation of the interim financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. These estimates and assumptions are based on several factors, including historical experience, current events including but not limited to the COVID-19 pandemic and actions that the Corporation may undertake in the future, and other assumptions that the Corporation believes are reasonable under the circumstances. Actual results may differ from these estimates.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited) As at and for the six months ended September 30, 2021

Note 2 – Basis of presentation, continued

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the interim financial statements includes the following:

- Revenue recognition,
- Use of the straight-line basis of depreciation and amortization,
- Classification of intangible assets – indefinite life,
- Classification of financial instruments,
- Accounting for government funding,
- Lease liability and right-of-use asset recognition, and
- Accounting for provisions.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year includes the following:

- Revenue recognition,
- Credit risk assessment of financial instruments,
- Useful lives and depreciation rates for property, plant and equipment and right-of-use assets,
- Useful lives and amortization rates for intangible assets,
- The measurement of employee benefit obligations,
- Lease liability and right-of-use asset measurement, and
- Accounting for provisions.

Comparative information

Certain elements of the prior period comparative information have been reclassified to conform with the financial statement presentation adopted for the current period.

Application of new International Financial Reporting Standards, and amendments to standards and interpretations

Certain new standards, interpretations and amendments to existing standards were issued by the IASB or International Financial Reporting Interpretations Committee (IFRIC) that are mandatory for annual accounting periods beginning after April 1, 2021 or later periods. There was no impact to the interim financial statements upon adoption of these new standards and amendments to the existing standards.

Note 8 – Other assets

In July 2021, Innovation, Science and Economic Development Canada (ISED) announced the results of the 3500 MHz spectrum license auction that began in June 2021. SaskTel was provisionally awarded the right to acquire 68 licenses for \$145.1 million. In accordance with the terms of the auction, a deposit of 20% (\$29.0 million) was remitted to ISED by August 13, 2021 and is included in other assets at September 30, 2021. ISED has not indicated a date for the final auction payment.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

As at and for the six months ended September 30, 2021

Note 9 – Long-term debt

On September 15, 2021, the Corporation issued \$245.0 million of long-term debt at a premium of \$6.5 million through the Saskatchewan Ministry of Finance. The debt issue has a coupon rate of 2.8%, an effective interest rate of 2.79%, and matures on December 2, 2052.

Note 10 – Employee benefit obligations

Other comprehensive loss results, in part, from changes to actuarial assumptions related to the assets and liabilities of the Corporation's employee benefit plan, specifically the discount rate used to calculate the liabilities of the employee defined benefit plan and changes in the fair value of the employee benefit defined plan assets resulting from differences in the actual versus estimated return on these assets. The discount rates used are as follows:

| | 2021/22 | 2020/21 |
|--------------|---------|---------|
| June 30 | 3.10% | 3.00% |
| September 30 | 2.80% | 2.50% |
| December 31 | n/a | 2.50% |
| March 31 | n/a | 3.10% |

In addition to the other comprehensive income impact detailed below, these assumption changes, combined with pension income and benefits paid for the period, have resulted in a net decrease in the employee benefit obligations for the period which has been partially offset by the impact of the asset ceiling limit.

| Thousands of dollars | Six months ended September 30, | |
|---|--------------------------------|-------------|
| | 2021 | 2020 |
| Actuarial loss on accrued benefit obligation | \$(32,079) | \$(126,910) |
| Return on plan assets excluding interest income | 56,120 | 80,979 |
| Effect of asset ceiling limit | (24,403) | 23,248 |
| Net actuarial losses on employee benefit plan | \$(362) | \$(22,683) |

Note 11 – Capital management

The Corporation does not have share capital. However, the Corporation has received advances from CIC to form its equity capitalization. The advances are an equity investment in the Corporation by CIC.

Due to its ownership structure, the Corporation has no access to capital markets for internal equity. Equity advances in the Corporation are determined by the shareholder on an annual basis. Dividends to CIC are determined through the Saskatchewan Provincial budget process on an annual basis.

The Corporation closely monitors its debt level utilizing the debt ratio as a primary indicator of financial health. The debt ratio measures the amount of debt in a corporation's capital structure. The Corporation uses this measure in assessing the extent of financial leverage and in turn, its financial flexibility. Too high a ratio relative to target indicates an excessive debt burden that may impair the Corporation's ability to withstand downturns in revenue and still meet fixed payment obligations. The ratio is calculated as net debt divided by capitalization at the end of the period.

The Corporation reviews the debt ratio targets of all its subsidiaries on an annual basis to ensure consistency with industry standards. This review includes subsidiary corporations' plans for capital expenditures. The target debt ratios for subsidiaries are approved by their Boards. The Corporation uses targeted debt ratios to compile a weighted average debt to equity ratio for the consolidated entity. The budgeted ratio for 2021/22 is 52.5%.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited) As at and for the six months ended September 30, 2021

Note 11 – Capital management, continued

The Corporation raises most of its capital requirements through internal operating activities, short-term debt, and long-term debt through the Saskatchewan Ministry of Finance. This type of borrowing allows the Corporation to take advantage of the Province of Saskatchewan's strong credit rating and receive financing at attractive interest rates.

The Corporation made no changes to its approach to capital management during the period.

The Corporation is not subject to any externally imposed capital requirements.

The debt ratio is as follows:

| As at | September 30, 2021 | March 31, 2021 |
|---------------------------------------|-----------------------|-------------------|
| Thousands of dollars | | |
| Long-term debt | \$1,347,889 | \$1,096,606 |
| Notes payable | 79,916 | 219,892 |
| Less: Sinking funds | 96,783 | 84,619 |
| Cash | 118,233 | 23,694 |
| Net debt (a) | 1,212,789 | 1,208,185 |
| Province of Saskatchewan's equity (b) | 1,202,365 | 1,188,532 |
| Capitalization | \$2,415,154 | \$2,396,717 |
| Debt ratio | 50.2% | 50.4% |

a) Net debt excludes lease liabilities

b) Equity includes equity advances, accumulated other comprehensive income, and retained earnings at the end of the period.

Note 13 – Financial risk management

The Corporation is exposed to fluctuations in foreign exchange rates and interest rates, as well as credit and liquidity risk. The Corporation utilizes a number of financial instruments to manage these exposures. The Corporation mitigates the risk associated with these financial instruments through Board-approved policies, limits on use and amount of exposure, internal monitoring, and compliance reporting to senior management and the Board. At September 30, 2021, the Corporation had foreign currency derivatives outstanding with notional values of \$30.9 million and maturities up to July 31, 2022. The Corporation does not actively trade financial instruments.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited)

As at and for the six months ended September 30, 2021

Note 13 – Financial risk management, continued

Market risks

Market risk represents the potential for loss from changes in the value of financial instruments. Value can be affected by changes in interest rates, foreign exchange rates, and equity prices. These risks have not changed significantly from the prior period.

Fair value

Fair values are approximate amounts at which financial instruments could be exchanged between willing parties based on current markets for instruments with similar characteristics, such as risk, principal, and remaining maturities. Fair values are estimates using present value and other valuation techniques which are significantly affected by the assumptions used concerning the amount and timing of estimated future cash flows and discount rates that reflect varying degrees of risk. Therefore, due to the use of judgment and future-oriented information, aggregate fair value amounts should not be interpreted as being realizable in an immediate settlement of the instruments.

| As at | Classification (a) | Fair value hierarchy | September 30, 2021 | | March 31, 2021 | |
|---|--------------------|----------------------|--------------------|-------------|-----------------|-------------|
| | | | Carrying amount | Fair value | Carrying amount | Fair value |
| Thousands of dollars | | | | | | |
| Financial assets | | | | | | |
| Investments - sinking funds | FVOCI | Level 2 | \$96,783 | \$96,783 | \$84,619 | \$84,619 |
| Financial liabilities | | | | | | |
| Long-term debt | Amortized cost | Level 2 | \$1,347,889 | \$1,429,870 | \$1,096,606 | \$1,161,618 |
| Derivative financial instruments | | | | | | |
| Foreign exchange derivative asset | FVTPL | Level 2 | \$415 | \$415 | \$ - | \$ - |

(a) Classification details are:
FVOCI – fair value through other comprehensive income, FVTPL – fair value through profit or loss

Fair value hierarchy

When the carrying amount of a financial instrument is the most reasonable approximation of fair value, reference to market quotations and estimation techniques is not required. The carrying values of cash, trade and other receivables, trade and other payables and notes payable approximate their fair values due to the short-term maturity of these financial instruments.

For financial instruments, fair value is best evidenced by an independent quoted market price for the same instrument in an active market. An active market is one where quoted prices are readily available, representing regularly occurring transactions. Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation.

Level 1 – Where quoted prices are readily available from an active market.

Level 2 – Valuation model not using quoted prices, but still using predominantly observable market inputs, such as market interest rates.

Level 3 – Where valuation is based on unobservable inputs.

There were no items measured at fair value using Level 3 inputs during 2020/21 or to date in 2021/22 and no items transferred between levels in 2020/21 or to date in 2021/22.

Investments carried at fair value through OCI

Investments carried at fair value through OCI are categorized as Level 2 in the hierarchy consist of sinking funds. The fair value of sinking funds is determined by the Saskatchewan Ministry of Finance using information provided by investment dealers. To the extent possible, valuations reflect secondary pricing for these securities.

Notes to Condensed Consolidated Interim Financial Statements (Unaudited) As at and for the six months ended September 30, 2021

Note 13 – Financial risk management, continued

Long-term debt

The fair value of long-term debt is determined by the present value of future cash flows, discounted at the market rate of interest for the equivalent Province of Saskatchewan debt instruments.

Derivative financial instruments carried at fair value through profit or loss

The fair value of derivative financial instruments that are used to manage foreign currency exposure risks are estimated based upon quoted market prices in active markets for the same or similar financial instruments or current rates offered to the Corporation for financial instruments of similar maturity, as well as discounted future cash flows determined using current rates for similar financial instruments of similar maturities subject to similar risks (such fair value estimates being largely based on the Canadian dollar versus U.S. dollar forward exchange rate as at the statement of financial position dates).

Credit risk

Credit risk is the risk that one party to a transaction will fail to discharge an obligation and cause the other party to incur a financial loss. Concentration of credit risk relates to groups of customers or counterparties that have similar economic or industry characteristics that cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Corporation does not have material concentrations of credit risk. Current credit risk relates to trade and other receivables, device financing receivables, unbilled revenue, contract assets, sinking funds, interest receivable and counterparties to financial derivatives. The maximum exposure to credit risk is represented by the carrying amounts reported in the statement of financial position. There is minimal credit risk related to non-customer related financial instruments and derivative instruments at September 30, 2021 and March 31, 2021 due to the investment-grade assets held within the sinking funds and investment-grade counterparties to derivative instruments.

Credit risk related to customer related financial instruments is primarily reflected in the allowance for doubtful accounts. The allowance for doubtful accounts has been decreased for the period ended September 30, 2021 mainly due to lower customer defaults and conclusion of the Crown Deferral Program.

Allowance for doubtful accounts

| Periods ended September 30, Thousands of dollars | Three months | | Six months | |
|---|----------------|---------|----------------|---------|
| | 2021 | 2020 | 2021 | 2020 |

| Provisions for losses | (595) | 3,811 | 155 | 4,543 |
| Balance, end of period | \$4,419 | \$6,812 | \$4,419 | \$6,812 |

Note 14 – COVID-19

The Corporation's telecommunications and security operations have been recognized by Canadian governments as essential services. To date, there has been minimal impact as a result of the emergency measures adopted to combat the spread of the COVID-19 pandemic, and the resulting economic conditions on the Corporation's business. Measures to combat the spread of the pandemic have intensified over the last several months, including significant vaccine administration programs. As the pandemic has progressed, the risk of experiencing negative impacts from reduced customer spending or SaskTel's inability to serve customers has diminished.
