Description

The SaskTel Wireless Fair Use Policy is in place to explain any limits associated with wireless services (voice, text, or data) purchased on an unlimited basis, and to enable SaskTel to manage data consumption while customers are using our network within Saskatchewan and while roaming on another carrier's network.

Terms and Conditions

The SaskTel Wireless Fair Use Policy is subject to change from time to time in order to maintain an ongoing positive experience for all customers on SaskTel's Wireless Network as well as on the networks of other carriers with whom SaskTel has roaming agreements. SaskTel will inform you of any changes in this policy by posting such changes to sasktel.com or communicating them to you in such other manner or medium as SaskTel determines is reasonable in the circumstances. SaskTel will endeavor to give 30 days prior notice of changes in this policy.
