SaskTel Business infiNET Plans & Add-Ons

Maintain Business Continuity

With SaskTel Business **infiNET** plans, you can get faster upload speeds, so you can run your critical business functions. And, with symmetrical plans available on Business **infiNET**, your upload speeds are as fast as your download speeds. Choose the speed that fits your business needs.

All Business **infiNET** plans include unlimited monthly data usuage, no data caps or overage charges, 1 static IP address and monthly, 1, 3, or 5-year term options.

Business Solutions

Service Add-Ons

Create resiliency and reliability on your network with these add-ons to build the best internet solution for your business.

Business infiNET Priority Support

With Business Internet Priority Support, we respond quickly in the event of an outage, giving your business a higher level of support.

- Priority repair to ensure minimal downtime*
- 24/7 dedicated business support from our Business First Support Team, located in Saskatchewan
- Two free Static IP addresses included
- No term contract

Only $25/month with business **infiNET** plan

Wireless Backup

Business Wireless Backup service provides an alternate internet connection over the SaskTel wireless network during service disruptions to **interNET** or **infiNET**. Business Wireless Backup is essential for customers who rely on internet access to remain operational.

- Must be subscribed to Business Internet Priority Support prior to taking Wireless Backup Service
- No charge for wireless usage during an outage
- Includes gateway that can detect an outage of the primary internet service and automatically re-route traffic to the wireless network
- 30-40 second failover/failback

Only $40/month with business **infiNET** plan**

*An 8-hour service restoration target is provided Monday to Saturday from 8:00am to 5:00pm.
**Price includes Business Internet Priority Support and Wireless Backup. If already subscribed to Business Internet Priority Support, Wireless Backup is only an additional $15/month
