

# SASKTEL CLOUD HOSTING

## SOLUTION PRICING

The price of your solution will be based on the Virtual Resources Group (VRG) package you choose plus any add-ons. You can manage your solution or choose to have your solution fully managed by SaskTel depending on your needs.

### CLOUD HOSTING VIRTUAL RESOURCES GROUPS PACKAGES

| Servers required in solution <sup>1</sup>   | 1 server  | 1 server   | 1 server   |
|---|---|--|--|
| VRG package   | <b>Basic</b><br>• 2 vCPU<br>• 2 GB RAM<br>• 1 Public IP                     | <b>Standard Plus</b><br>• 8 vCPU<br>• 16 GB RAM<br>• 1 Public IP             | <b>Premium</b><br>• 32 vCPU<br>• 64 GB RAM<br>• 1 Public IP                    |
| Starting at   | \$46.24/month   | \$284.73/month   | \$1,138.92/month   |
| Self managed starting at  | \$73.16/month<br>(includes 50 GB of Tier 2 storage and 1 compact NSX Edge)  | \$329.92/month<br>(includes 128 GB of Tier 2 storage and 1 compact NSX Edge) | \$1,274.06/month<br>(includes 512 GB of Tier 2 storage and 1 compact NSX Edge) |
| Fully managed starting at   | \$380.15/month<br>(includes 50 GB of Tier 2 storage and 1 compact NSX Edge) | \$643.15/month<br>(includes 128 GB of Tier 2 storage and 1 compact NSX Edge) | \$1,618.01/month<br>(includes 512 GB of Tier 2 storage and 1 compact NSX Edge) |
| Fully managed also includes: Tier 1 Management, Server Patching, Antivirus service, Cloud Backup for virtual servers, Cloud Backup storage with additional copy, and Cloud Backup Management. |   |  |  |

Customize your solution with additional pay-per-use services.

### DAILY ADD-ONS<sup>2</sup>

|                                    |             |   |              |
|------------------------------------|-------------|---|--------------|
| vCPU                               | \$0.35/vCPU | Dedicated Virtual Firewall 100 Mbps (vSRX)  | \$10.19/vSRX |
| GB RAM                             | \$0.40/GB   | Unified Threat Management for 100 Mbps vSRX | \$55.00/vSRX |
| Tier 1 Storage<br>(up to 5 K IOPS) | \$0.018/GB  | AppSecure for 100 Mbps vSRX                 | \$27.50/vSRX |
| Tier 2 Storage<br>(up to 5 K IOPS) | \$0.0077/GB | IDS/IPS for 100 Mbps vSRX                   | \$27.50/vSRX |
| Tier 3 Storage<br>(up to 1 K IOPS) | \$0.0059/GB | Antivirus for 100 Mbps vSRX                 | \$19.50/vSRX |
| Tier 4 Storage                     | \$0.0040/GB | Web-filtering for 100 Mbps vSRX             | \$19.50/vSRX |
| Compact NSX Edge                   | \$0.50/NSX  | Anti-spam for 100 Mbps vSRX                 | \$19.00/vSRX |
| Large NSX Edge                     | \$2.50/NSX  | Dedicated Virtual Firewall 1 Gbps (vSRX)    | \$15.45/vSRX |
| Quad-large NSX Edge                | \$7.20/NSX  | Unified Threat Management for 1 Gbps vSRX   | \$83.70/vSRX |
| IPsec VPN Feature in NSX Edge      | \$0.00/NSX  | AppSecure for 1 Gbps vSRX                   | \$50.50/vSRX |
| SSL VPN Feature in NSX Edge        | \$1.75/NSX  | IDS/IPS for 1 Gbps vSRX                     | \$50.50/vSRX |

<sup>1</sup>A minimum of one vCPU per server is required to successfully deploy a server within a VRG package.

<sup>2</sup>Monthly total for daily add-on is based on a 30.42-day month.

## PROFESSIONAL SERVICES ONE TIME ADD-ONS

|                       |          |                                     |           |
|-----------------------|----------|-------------------------------------|-----------|
| Assessment & Advisory | \$150/hr | Project Management Services         | \$150/hr  |
| Architecture & Design | \$150/hr | Implementation & Migration Services | \$150/hr  |
| Training              | \$150/hr | Database Management Services        | \$150/hr  |
| Server Build Services | \$75/VM  | VPN Setup                           | \$150/VPN |

## Enterprise VRG

A contracted customized solution to meet larger requirements not readily met by our existing VRGs. Solutions can be deployed within the standard Cloud Hosting environment or on a dedicated clustered environment for additional security and segregation.

<sup>2</sup>Monthly total for daily add-on is based on a 30.42-day month.

<sup>3</sup>Final prices dependent on edition required.

Windows Server 2019, 2016, and 2012R2, and CentOS 7 and 6 available at no additional cost.

Let's start a conversation.
