110.48**Voice Grade Facilities - Local****1. Service Description**

Voice Grade Facilities – Local are communication paths with the bandwidth to carry telephone speech (or its equivalent).

These Voice Grade facilities:

- (a) extend from SaskTel's central office(s) to the SaskTel network interface demarcation point.
- (b) do not provide a direct connection to SaskTel's public switched telephone network (PSTN).

2. Conditions of Service

- 1. SaskTel does not guarantee DC (Direct Current) continuity. The provisioning of metallic or DC continuity is provided only where metallic facilities currently exist.
- 2. Rates and charges for legs and/or the portion of the leg that extends beyond the base rate / island base rate area are *in addition* to the rates and charges for the main channel.

2. Conditions of Service – Continued

F

3. The monthly rental for the portion of the leg that extends beyond the base rate / island base rate is for each 1/4 mile (402.32 metres) or fraction thereof, that the service is from the nearest point on the nearest base rate / island base rate area boundary.
4. Extra provisioning charges may apply. Refer to the item on Extra Provisioning Charges.
5. Service charges depend on whether or not a field visit is required.
6. Voice grade facilities are provided "as is". If the cable pair is in a facility that has been loaded by SaskTel, and the customer requests the loading removed, the customer is charged the full cost of this work. Special Facilities procedures may apply.
7. If signaling conversion is required at either or both ends of the circuit, it may be provided by a Special Facility Tariff.
8. This service is no longer available for new installations, additions to existing installations or moves and rearrangements on the same or different premises.
