

**SaskTel Wireless Features**

Several features are available for wireless service. Wireless features are only available to SaskTel customers who subscribe to a postpaid or prepaid wireless rate plan.

**Call Display**

Both outgoing and incoming Call Display are available for a monthly fee as part of a service plan.

The responsible party for an account must provide express consent for the addition of outgoing Call Display before it can be activated on a phone.

**SaskTel Wireless Features - Continued****Text Messaging****Terms and Conditions**

1. Customers can request to have Text Messaging disabled from their wireless device at any time.
2. SaskTel has no responsibility of any kind for any hardware and software required by the Customer to use Text Messaging Service.
3. SaskTel attempts to deliver text messages for up to twenty-four (24) hours. If the recipient's device is off or unreachable for longer than 24 hours, the message is deleted from the system and not delivered.
4. File attachments such as pictures and video sent through a text messaging app are converted to Multimedia Messaging Service (MMS) and are not considered Text Messages.
5. Sent and received text messages have a character limit that will vary according to the customer's wireless device. This limit automatically includes the sender's return address, which may vary in length.

**Rates**

Text messages received are always FREE.

Text Messaging pay-per-use (PPU) costs \$0.20/message sent in Canada, the U.S., and other countries that have North America dialing (1 + area code + 7 digit number), regardless of where their recipient's carriers is based.

Text Messaging Unlimited and Basic have a monthly fee or are included with a service plan.

- Unlimited includes any messages sent in Canada, the U.S., and other countries that have North America dialing (1 + area code + 7 digit number) to customers of carriers in those countries.
- Basic includes messages sent in Canada, the U.S., and other countries that have North America dialing (1 + area code + 7 digit number) to customers of carriers in those countries.
- With Unlimited and Basic, text messages sent to customers of carriers outside of those countries are \$0.20 each.

With Text Messaging pay-per-use (PPU), Unlimited, and Basic, text messages sent while roaming outside of those countries are up to an additional \$0.65 each.
