

# SaskTel Business infiNET Plans & Add-Ons

## Maintain Business Continuity

With SaskTel Business **infiNET** plans, you can get faster upload speeds, so you can run your critical business functions. And, with symmetrical plans available on Business **infiNET**, your upload speeds are as fast as your download speeds. Choose the speed that fits your business needs.

All Business **infiNET** plans include unlimited monthly data usage, no data caps or overage charges, 1 static IP address and monthly, 1, 3, or 5-year term options.

## Service Add-Ons

Create resiliency and reliability on your network with these add-ons to build the best internet solution for your business.

### Business Internet Priority Support

With Business Internet Priority Support, we respond quickly in the event of an outage, giving your business a higher level of support.

- Priority repair to ensure minimal downtime\*
- 24/7 dedicated business support from our Business First Support Team, located in Saskatchewan
- Two free Static IP addresses included
- No term contract

Only \$25/month with business **infiNET** plan

### Wireless Backup

Business Wireless Backup service provides an alternate internet connection over the SaskTel wireless network during service disruptions to **interNET** or **infiNET**. Business Wireless Backup is essential for customers who rely on internet access to remain operational.

- Must be subscribed to Business Internet Priority Support prior to taking Wireless Backup Service
- No charge for wireless usage during an outage
- Includes gateway that can detect an outage of the primary internet service and automatically re-route traffic to the wireless network
- 30-40 second failover/failback

Only \$40/month with business **infiNET** plan\*\*

\*An 8-hour service restoration target is provided Monday to Saturday from 8:00am to 5:00pm.

\*\*Price includes Business Internet Priority Support and Wireless Backup. If already subscribed to Business Internet Priority Support, Wireless Backup is only an additional \$15/month

### eero Wi-Fi for Business

eero wifi for business is a solution for businesses that require reliable and high-performance mesh-Wi-Fi connectivity. Tailored for SaskTel's **interNET** and **infiNET** business customers, this product offers a customized guest Wi-Fi experience, mobile app, and multiple networks to keep critical devices separate.

- Includes up to 3 access points
- Mesh network ensures faster speeds and consistent coverage to reduce/remove deadzones

Only \$40 a month with a business **infiNET** or **interNET** plan, additional access points are \$10 month each
