

SaskTel Environmental Policy

SaskTel is a leader in environmental sustainability so that future generations can enjoy the benefits of a clean and healthy environment. The Company focuses on environmental sustainability to protect the natural environment and uphold social responsibilities while growing our business and connecting customers to their world.

SaskTel will:

- Continually improve our environmental performance
- Prevent damage to habitat and conserve resources
- Comply with all applicable compliance obligations
- Maintain an environmental management system that is consistent with the ISO 14001 standard.
- Incorporate environmental management principles in the strategic plan
- Encourage environmental innovation in all Company activities, products, and services
- Be a role model of sound environmental practices to all interested and affected parties.
